Brownell's Cooking Range.
THE subscriber has just completed the invention of a new Cooking Range, to which he invites the attention of the public. This Range possesses qualities for expeditious boiling and cooking that other Ranges do not, and it occupies but a small space of room.

Brownell's Cooking Range has six eight inch boilers, any two, or four of which, can be thrown into use, so as to boil a large boiler; and it is provided with a set of rings so that any size furniture can be used on it. Its Oven is large, convenient of access, and having an upward draft, it bakes evenly with a small quantity of fuel.

One of these Ranges is in successful operation at the store of the subscriber, subject to the examination of the public, who are invited to call and take a look at it. WILLIAM BROWNELL, June 2

TISDALE, May 10/48

CLOVE ANODYNE TOOTH-ACHE DROPS.—The Clove Anodyne is the best of all Tooth-ache remedies. It is immediate and certain in its effects, curing the most violent tooth-ache, or pain in the gums in ten minutes. Experience has proved that this Anodyne composition will give immediate and permanent relief, after the failure of every other remedy; it is pleasant to the taste and smell; will not injure the teeth or gums in any way, and a few applications will entirely renovate the pain and soreness from a decayed tooth, so that it may be filled and rendered useful as ever. When the pain proceeds from the face or gums around a tooth apparently sound, this application will give immediate relief, by rubbing a few drops to the part affected. Price 25 cents. Prepared and sold by HENRY JOHNSON, Chemist and Druggist, 273 Broadway, corner of Chambers street, in the granite building. Sold in Newport by R. R. HAZARD, near the Court House. Aug 1847.

THE MARRIED MAN'S SOLILOQUY.

Blast the women! They are always fretting about something or other! Yesterday the coal would n't burn; and the grate must be set; and the furnace must be repaired; and money knows what all; and today it's hot as—! Save us from the wants of an inconsiderate woman! Only let her get the upper hand and she'll drive like blazes! But I won't be driven! Not I! If she wants the doors fixed, or wood dried, or water brought, or the leach set or tubs hooped, she may do it herself!—Confound it! I can't go into the house but something is wanting! If it isn't one thing it is another. I'll leave my boots in the parlor every night, if I have a mind, and she may help herself! See if I don't?—We'll see who will be master. Before we were married it was—"If you please, my dear!"—but, cracky! if her tone has n't changed! She shall and shan't, from week's end to week's end, and if I venture to put in a word edgewise, I'm shut up by her infernal clapper! Talk about late hours and extravagance! Wonder what she calls late hours! I could stay out once until broad day-light, and she too, if the party was agreeable. But now if I chance to tend the club once a week, there is a pretty mess directly. And don't ever think of her! Gracious me! I wish I could forget her five minutes, just to see how it would seem. If young men only knew!—But no! If a man says a word he is set down as a niddy. He must grieve and bear it, if it cuts ever so close. And oyster suppers. Wonder if she don't like oysters.—Tell me about propriety of sitting down to the breakfast table, with her hair uncombed?—once she was all curls and smiles! Now she's slatternly as a washerwoman. Blast the race! They ought to be indicted for obtaining husbands under false pretences! If they'd only show out, the men wouldn't be such gudgeons! but no they'll smile and smirk and twitter until a fellow is fairly caught, and then by Jupiter, if they don't hand down their colors! And the baby tending! It is worth a fortune to be compelled to hear the squalling brats, night after night. Croup or whoie is the eternal complaint. If I had my way I'd shake the cholic out of them in a hurry.—But no; they must be dosed with pink and nolis and onions, and the duce knows what, and trotted, until their gizzards are fairly shaken out! and then if any one is kept up, why Slocum can set up, if it won't hurt him! But I've done with it; I won't that's a fact. What's that you say? Mended my pants?—And four new shirts, and a neckcloth?—Well, I declare, Mrs. Slocum is clever after all!—If she did scold so like—, but no matter, I know that I provoked her, or she wouldn't do it. I'll give in or I'll own up!—The remainder was lost in something like a kiss. Five shirts must have done it—for Slocum forgot to swear when he was asked to tend the baby.

PERILS OF STREET NAVIGATION.—A voyage from the Thirty-fifth lamp-post in the strand to the shop directly opposite. "Ex- tract from log—" Three o'clock, P. M.— Cleared from the curb-stone with fair weather, hoping to reach the opposite side of the street before dusk; carrying main-top coat and reefed umbrella. 3h. 2m. Tucked to post to avoid an omnibus; shipped a mud, which damaged the patent boots. 3h. 4m. Stood to the South coasting along a reef of eads; nearly ran down by a butcher's cart; passed a milliner girl in distress, who had missed stays. 3h. 7m. Saw an apothecary's light; tried to take an observation, but the light was lost in a fog of cabriolets. 3h. 10m. Ran into a coal cart; carried away farboard coat-skirt; stood off and on, to wait for an opening in the cab bergs; hailed a bus under blue colors and easy sail. bound for the westward, making towards Kensington; hauled to the north-east, and steered with great difficulty among flocks of wagons. 3h. 24m. Lighted a cigar and put on all steam; hoisted the spencer. 3h. 34m. Came in sight of land, and two minutes afterwards anchored in the roads by a street post.

Col. Ross informs us that Cullen Whipple, of Providence, the inventor of the machine for cutting the screws for the N. E. Screw Company, has just perfected a rope-making machine, which it is said will do more work at less rates than any machine known. Mr. Whipple's machine does away entirely with the long buildings now in use, and makes the longest cables in a room twenty feet square. His claim is a double twist of the rope with a single turn of the machinery. He turns his stock in the middle, both ends of the rope remaining stationary.—Boston Journal.

ANOTHER NAME FOR IT.—Running away with another man's wife is now called "stealing female clothing," as decided at Pittsburgh. A man named Taylor was arrested by the husband of a woman (Mrs. Davis) with whom he had eloped from Detroit.—The husband, failing in reaching him by any other process, brought him before the Mayor charged with larceny in the taking away of his wife's clothes. He was brought before Judge Lowrie on a writ of habeas corpus. His honor, after hearing the evidence, postponed his decision for two days, when he remanded the prisoner to jail to await the requisition of the authorities of Michigan on a charge of larceny. This is bringing the stealing of hearts down to the unromantic reality of stealing clothes.

Roake's Iodine Liniment.
A SAFE and certain cure for Rheumatism, or either chronic or inflammatory—Paralysis, or loss of the use of the limbs, contractions of cords and muscles, and gout, it matters not how long standing; sprains, bruises, tumors, hard swellings, and enlarged joints, yield to a few applications of this Liniment. It has been used with incredible success in scrofula or king's evil, enlarged glands, diseases of the spine and hip joints, tic douloureux, and all nervous affections. It is invaluable, and acts like a charm, stopping the bleeding of flesh wounds, and causing them to heal in a few days. It has never been known to fail curing the most stubborn ulcers or fever sores and swelled legs, pain across the kidneys, in the chest, side, also stiff neck, sore throat and croup. It speedily and effectually eradicates cutaneous eruptions of the skin, in the form of salt rheum, erysipelas, pimples, ringworm or tetter, Barber's itch, scald head, &c. It instantly removes tooth-ache and headache. It extracts the pain and cures corns, bunions, chilblains, &c. Sold by R. J. TAYLOR. Agent for Newport July 26

ROMAN EYE BALSAM, FOR Weak and inflamed eyes.—This valuable Balsam has been used for many years in private practice by the most established Oculists in this and foreign countries, and may be confidently relied upon as the most speedy cure for weak or inflamed eyes arising from any cause, that has ever been offered to the world. Its peculiar operation consists in removing all unhealthy action in the vessels of the eye, and parts adjacent, substituting a healthy process, which soon results in a perfect cure. The afflicted are invited to try, and become convinced. For sale in Newport by R. R. HAZARD, sign of the Golden Mortar, near the Court House. Aug. 18th

CHAMPAGNE WINES of various good brands in quart and pint bottles, for sale by WILLIAM NEWTON.

THE DAILY NEWS.

Newport:

WEDNESDAY, SEPTEMBER 22, 1847.

BY O. N. JACKSON, 97-THAMES ST.

AN ARTFUL DOCTOR.—A young lawyer in New York, named Thomas B. Dorsey, was arrested on Saturday charged with constructive larceny. He borrowed a fellow boarders gold watch for a few hours, saying that he had several calls to make, and wished to be at the appointed time. His call was at a pawn brokers shop, where he parted with it for \$45. The value of it was \$175. He did not return to his former boarding house, but took lodgings at the Second Ward Hotel, where he was arrested. In the course of his examination, it appeared that he had played the very same trick on two other gentlemen, one of whom was a Mr. Moore, over whom Dorsey came in time. Moore was one of several invited guests to a dinner party given by Dorsey, on Friday last, at Mr. Florence's, corner of Broadway and Walker street, when, after rising from a glorious repast, with champagne, &c., all in a perfectly happy state, picking their teeth in the reading room, Mr. Florence presented his bill to Mr. Dorsey, amounting to \$18, who remarked that he would settle with him in a few minutes, but not having a cent in his pocket to enable him to do so, resorted to his old watch trick, by asking Mr. Moore the loan of his watch and chain, valued at \$60, for a few minutes, who not suspecting anything wrong let him have it, and Dorsey immediately placed it in the hands of Mr. Florence as collateral security until he paid for the dinner, and cleared out, leaving Mr. Moore to digest a good dinner at the expense of his watch. Dorsey was locked up.

EXTRAORDINARY FLIGHT OF INSECTS.—The late foreign papers record an account of the appearance of an immense swarm of lady-birds or lady-bugs at Ramsgate, and other places about the middle of August. When they were first seen from Ramsgate they presented the appearance of a black cloud extending for miles in the air. They descended in the night and at an early hour in the morning, the whole of the line of the coast was found to be covered with them, to the great annoyance of all who passed in order to give the reader a correct idea of the extent and quantity of these unwelcome settlers, five bushels were swept from the Margate pier, and nearly the same from that of Ramsgate Harbor. To walk on them might be readily compared to walking on snow on a frosty day.

Another correspondent says, "Brighton was swarmed with these insect visitors on Saturday and Sunday. They were crushed by thousands upon the pavement of the grand parade and the adjoining streets, while the houses, the fences, and even the clothes of all pedestrians were dotted over by the tiny strangers. A correspondent at Southend writes:—On Friday, the whole of the coast around Southend was visited by one of the most numerous flights of insects on record. They consisted of at least five species of lady-bird, and they came in such dense numbers, as for miles along the coast to resemble a swarm of bees during a hive. The sea destroyed countless numbers of them, the hedgerows, and every place that afforded shelter from the wind, were colored with their numbers, and for many miles it was impossible to walk without crushing numbers beneath the tread."

The steamship *Britannia* sailed from Boston for New York, on Monday morning. She goes there for the purpose of being taken into a dry dock to repair the damages sustained in getting ashore. She will sail from New York on her return trip via Halifax. The Post says that since she started she has made eight inches of water per hour.

Day Goods.—The New York Dry Goods Reporter says "English Cotton Goods are fast diminishing, and as manufacturers will not send any more at present prices they must rise in this market. Of course the English Goods cannot rise without a similar advance to the Americans."

The General Convention of the Protestant Episcopal Church of the United States will hold its next triennial session in New York on the 6th of October.

The steamship *Britannia* has made a record of \$75,000 in specie.

"CITY" ITEMS.

On the outside of to-day's paper will be found a very readable article, "The Married Man's Soliloquy," which is true, every word of it, we guess, for it was written by "one who knows." To-morrow we shall publish the "Married Woman's Soliloquy," which is equally rich.

The Boston Bee says that as all the docks in that vicinity were occupied, it was deemed advisable, in order to prevent jealousy to give the New Yorkers the job of repairing the *Britannia*, rather than send her to Holmes' Hole or Newport. We guess she would have got repaired in a hurry here (?)

The Fall River Monitor says that a bed of good coal has been discovered in Tiverton, near the residence of Mr. John Durfee. It lies eight or ten feet below the surface of the earth.

The Old Fellow's Offering for 1848 is already published, and is got up in superb style. It is filled with very interesting tales and poetry, together with about a dozen steel engravings, the most of which go to illustrate the benefits of Old Fellowship; and is bound in a neat and substantial manner. The Agent for the Offering is in town, and will supply those who wish to purchase.

To-morrow the Central Baptist Church will be dedicated. Services at 10 o'clock in the morning, and in the evening.

The best story we have heard yet is that of a man who kept a liquor shop, but always bought his own drinks by the glass at another shop. On being asked why he did so, he replied that he had no notion of drinking up all the profits.

It is rumored that George D. Prentiss, Editor of the Louisville Journal, has come North for the purpose of fighting a duel with some Editor residing in New England. We do not believe there is a word of truth in this rumor. Mr. Prentiss was born and lived, till he became a young man, in the town of Griswold, Connecticut, where he now has relations living, and we doubt not his object in coming North is to pay a visit to the land of his nativity.

The Providence Republican Herald charges us of saying something in regard to the election in Gloucester which we have no recollection of. Our Herald has got misled, and we do not recollect exactly the nature of the charge, but it is something in relation to the law; "that we did not know where the Journal got such a law."—We always strive to keep clear of the law, for we are not at all anxious to get into its clutches, and we have no recollection of saying anything about it in connection with the vote in the town of Gloucester, in the late election for Senator from the Western District.

The Roman Catholic papers mention that several new sees have been erected in this country. These are Albany and Buffalo, and Galveston in Texas. St. Louis has been erected into an Archbishopric, and the see of Hartford has been transferred to Providence.

We were in Providence the other day, and we didn't see anything of it.

The funeral obsequies of Daniel O'Connell takes place in New York to-day, and from the arrangements made, they will present a grand spectacle.

Yacht *Cornelia* arrived in our harbor from New York, yesterday. She is bound east.

We were not a little surprised yesterday morning on finding the heavens clear, when it rained so hard at a late hour of the night. Yesterday was a fine fall day.

Capt. Smiley, of the bark *America*, of this port was arrested in New York on Friday, on complaint of R. Fitzgerald, a colored man, cook of the vessel, who charges him with cruel punishment during the late whaling voyage. Capt. S. was held to bail in the sum of \$500.

The President has officially recognized Guilherme de Freitas Henriques Borges, vice consul of Portugal for Warren and other ports of Rhode Island.

Wright's print works in Simmonsville, was destroyed by fire on Friday night. The loss is estimated at about \$15,000. Insured at the American office in Providence for \$9000.

NAVAL.—The U. S. ship *Warren* and the store-ship *Eric*, were at Monterey, on the 18th of July, and were the only vessels of war in that port. The *Independence* had left Monterey a few days before for San Francisco to meet Commodore Biddle who was there with the *Columbus*, Congress and Dale. The *Columbus* was to sail on the 21st for the United States, Com. Shubrick having relieved Com. Biddle in command of the squadron.

Com. Stockton had left for the United States by the overland route.

The U. S. ship *Portsmouth* was engaged in blockading the port of Mazatlan. The *Preble* was at Acapulco, and the *Cyane* had gone to the Sandwich Islands, and was expected back by the 1st of September. The officers and crew of the *Warren* will probably return home in the *Eric* or the *Portsmouth*.

A letter from Col. Benton, in the St. Louis Union, says—

"I have preferred no charges against Mr. Fremont, and have not become his prosecutor; but I did send to the war office the charges made against him by others, and gave the names of the supposed writers as witnesses to prove what they wrote, at the same time expressing my disbelief of their truth, and asking a court martial. The trial which I have asked for is intended to be a real one, and not a 'farce' or a 'sight-seeing' as the editor of the Republican supposes. It shall cover every thing imputed or to be imputed against Col. Fremont, and his accusers shall all be witnesses."

GLASS FLOWING.—Mr. P. Hewins, of Hartford, has made a highly important discovery. It is a composition, cheaply obtained, with which he makes glass plates for flooring; a substitute for marble, being stronger and more beautiful, and full fifty per cent cheaper. He has made a discovery in the process of coloring, by which the plates are made to partake of every variety of color, which forms a part of the glass, and can never be eradicated or lessened in freshness.

"THE WAGES OF SIN."—A New York letter of Wednesday, referring to the arrest of the notorious Madame Restelli, says:—"The wealth of this woman is enormous. A few months since she made pantaloons and vests for a respectable merchant tailor in Broadway, and now she is computed to be worth \$100,000, and drives her carriage. She offered to deposit ten thousand dollars in cash, instead of procuring bail, but it was objected to."

THE TURPENTINE BUSINESS.—The North Carolina Newbernian says: About 800,000 barrels of turpentine are now annually made in this State. Not more than 200,000 barrels, if that, were shipped to New York and other parts the past year in its crude state, and the largest portion of the whole being distilled in this state. The estimated value to the makers is about \$1,700,000 annually, and may be \$2,000,000. About 4 or 5000 laborers are engaged in making it, and perhaps three times as many more human beings are supported mainly from the proceeds of its first sale. The distillation of turpentine in this State is now carried on very extensively, which will render the shipment of it in its crude state very small in future. It is supposed that there are now in operation 150 stills, which, at the average cost of \$1500 with fixtures, shows that there is an expenditure of \$225,000 to begin with in the distilling of spirits of turpentine.

Col. Jefferson Davis, of Mississippi, has accepted the appointment of U. S. Senator from that State.

It is stated in a letter from Cadiz that two piratical vessels have been fitted out at Tetuan, and are now cruising under the command of a notorious pirate named Mad-da Ali.

The Diving Bell Bont succeeded, a short time since, in raising about \$25,000 in specie from the wreck of the *Pennsylvanian*, which was sunk near Stock Island, in the Mississippi, about twenty-four years ago.

[Extract of a letter from Dr. Williams of St. Gothman—] I will thank you to send me two dozen more of your Sarsaparilla and Tomato Bitters. I have tried it with great success in four cases of scrofula, curing each of them in an almost instantaneous time; likewise one case of scrofula, humor and one of jaundice. I consider it a valuable remedy, and must say I have used it with the happiest effects. Should like to have it with me on my next visit. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A. Boyden, Esq. of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect.

For sale by R. J. TAYLOR.

The most prolific source of disease is undoubtedly impurity of blood. And to no people are more subject than those of this country, from the plentiful and comparatively luxurious diet in which their prosperity enables them to indulge. To purify the blood, and relieve bowels from the unhealthy state produced by that impurity, Brown's Sarsaparilla and Tomato Bitters are extremely well calculated. They will eradicate those impure humors which are the source of uneasiness to the system, and occasion such deformity when they make their appearance externally. The demand for the above Bitters is rapidly increasing in all places where they have been sold, and there is scarcely a day passes but we have some ordered by our first physicians, for dyspepsia, indigestion, weakness of the stomach and limbs, costiveness, general debility, rheumatism, &c. In fact there is not the least doubt but they are the best alternative now in use for a disordered system. The vegetables that these Bitters are mainly composed of are too well known to have the least said in their favor. Remember in all cases when you purchase Brown's Sarsaparilla and Tomato Bitters, to see that the directions are signed by the proprietor, F. BROWN, in his hand-writing, without which none are genuine. For sale by R. J. TAYLOR.

NOTICE.—The Central Baptist Church, having completed the repairs on their house of worship, will hold religious exercises in the same on Thursday next the 23d inst.

D. C. Denham, Sec'y.

This may certify that I have used Pond's Lotion, (as prepared by Messrs. Ames and Oils) for Scalds, Burns, Bruises, &c., and am happy to say that I believe it is all it purports to be.

JOSEPH KENDALL, at H. N. Hooper & Co., Commercial St. I can cheerfully testify to the above as I have known its good effects for two years.

S. S. MERRIAN, at the Machine Shop of the Boston & Worcester Rail Road. Sold in this town by Wm. H. Greene, and M. Freeborn & Co. Jan. 8.

SAND'S SARSAPARILLA.—Thousands of persons are heirs of scrofula; they come into the world with the taint in their blood, which, by the time they reach maturity, develops itself in some form or other. All such persons should keep a stock of this preparation by them, if at a distance from any town or city where it may be procured, nor should they wait for the disease to show itself in ulcers or eruptions but should keep it down by frequent resort to this unrivaled antiseptic. The seeds of scrofula, though hereditary in the blood, will not germinate while that fluid is under the influence of this powerful detergent, which, if administered at intervals, will keep down the hereditary tendency through life. As "prevention is better than cure," we recommend all who have a predisposition, hereditary or otherwise to ulcerous or eruptive diseases, to go through a course of this medicine at least every Spring and Fall.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton St. N. Y. Sold also by Dr. R. R. Hazard and R. J. Taylor, Newport, by J. Russell, Fall River, by C. Dyer.

JONES' SOAP.—Ladies in the country and watering places, See how the sun has burnt your faces! Look at your necks—how yellow, dark with tan; Why, 'twill repulse the love of any man! Those freckles, too, you know they'd quickly fly if Jones' Soap you'd use; come once—do try—It costs but fifty cents, and I am told It's worth, ay, doubly worth, its weight in gold. Persons who have had the wonderful effect of Jones' Soap—that is, the genuine Jones' Soap—in purifying the skin. For sale by Dr. R. J. Taylor.

DAGUERREOTYPES.—All persons who have claims upon Manchester & Brother for Daguerreotypes must call and have them taken within two weeks, and those owing the above firm, will please call also within that time, as they wish to settle all accounts before leaving. And now to the public in general. We invite you all to improve the present good opportunity of obtaining a good daguerreotype of your near friends, and those bound to you by family ties. You will never regret the little exertion it will cost you, for it will be a great consolation for you to know you have them in your possession even while your friends are about you. But this is not all—a separation must take place either sooner or later, and then such a memento will be to you invaluable. Rooms in Vose's Washington House, at the head of Bath st.

E. H. MANCHESTER, Sept. 13th

Radway's Chinese Medicated Soap is superior to all imported French, Berlin, and other Soaps. Tan, sunburn, pimples, blotches, pustules, ring-worm, salt rheum, erysipelas, rash, scurvy, the bites and stings of non-venereal insects, and all other skin, pale and sooty complexion, all yield to the curative properties of this beneficial medicine. In fact, it is the most valuable and elegant of all the skin discolorations of Radway's truly excellent medicated soap, never fails in rendering the skin soft, smooth, fair, sweet, clear and healthy. Many persons suffer from itching humors during the summer season from the touch of some insect's stings. Those persons, subject to these annoyances, by applying Radway's soap to such parts of the cuticle as are bitten, it will instantly alleviate the pain, subside the irritation, and instantly remove every vestige of the mischief. For general toilet soap it is unequalled, it purifies an poisonous perfume, and is entirely free from all poisonous admixtures, or irritating ingredients. It is much cheaper than any other medicated soap, and is acknowledged by thousands to be superior to all others.

ers ever offered to the public. No Chinese Medicated Soap is genuine unless signed, R. G. Radway. Be sure to ask for Radway's soap, and take no other. Sent for 12½ cents per cake by Dr. R. J. Taylor.

SHERMAN'S SUGAR-COATED PILLS.

The great preservative for the cure of headache, piles, rheumatism, dyspepsia, scurvy, small pox, jaundice, rising in the throat, fevers of all kinds, heartburn, coughs, consumption, erysipelas, deafness, gut, gravel, pains in the back, palpitation of the heart, larynx weakness, dropsy, asthma, measles, salt rheum, various quinsy whooping cough, fits, liver complaint, feelings of the skin, nervous complaints, and a variety of other diseases, arising from impurities of the blood, and obstructions in the organs of digestion.

CAUTION.—Beware of an imitation article called Improved Sugar-Coated Pills, purporting to be patented, as both the pills and pretended patent are forged, got up by a miserable quack in the city of New York, who for the last four or five years has made his living by counterfeiting popular medicines.

Remember, Dr. C. V. Clickner is the inventor of sugar-coated pills, and that nothing of the sort was ever heard of until he introduced them in June 1843. Persons should therefore always ask for Clickner's sugar-coated pills, and take no others, or they will become the victims of a fraud. 25 cents per box, or five boxes for \$1.

Sold in Newport by R. J. Taylor, and by one agent in every town in New-England.

GENUINE BEAR'S OIL.

Highly Perfumed. — Perhaps our ladies and fashionables are not aware that three-quarters of the "Bear's Oil" (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells a ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

FOSTER'S SALOON.

An Extensive Lodging and Eating Saloon, conducted on the EUROPEAN PLAN, Nos. 53, 55, 57, Broad-st., Providence.

THE subscriber having recently leased the entire upper part of the genteel and commodious brick house adjacent to his Eating Saloon, in Broad street, begs leave to inform his friends and the public generally, that he has just opened in connection with his Eating Saloon, an extensive suite of Lodging Rooms. This establishment will hereafter be conducted therefore, on the European Plan—that is, visitors will be accommodated with lodgings either by the day or week, as may be desired, upon the most favorable terms; while in the Eating Saloon, meals will be served up to order, at all hours of the day and evening, at prices entirely satisfactory. The Lodging Rooms will be found to be spacious and airy; and the beds and bedding at all times clean and comfortable. In the Eating Saloon will be found an extensive Bill of Fare, (comprising all the varieties and luxuries offered at the best hotels,) any portion of which will be served up at any time in the best style and upon the very lowest terms.

Adjoining the Eating Room is a commodious Reading and Sitting Room, elegantly decorated with numerous costly paintings and engravings, and furnished with an extensive cabinet of curiosities, containing a great many rare and interesting things from all parts of the world. This room is regularly supplied with all the city papers; with many of the New York and Boston Journals, and with the magnificent London Pictorial.

In addition to the accommodations offered to gentlemen at this establishment, the subscriber has also handsomely furnished apartments for ladies, where they can at any time be furnished with dinner or tea, or with cake, confectionary, ice-cream, soda, &c., &c.

The subscriber would also give notice that he is constantly receiving fresh Oysters by the steamer, and that they may be obtained at his Saloon in excellent condition throughout the season.

Merchants, travellers, and citizens generally, are invited to favor the subscriber with a call, as he believes his establishment offers peculiar advantages which need only to be seen to be appreciated.

The great and only Successful Remedy for the cure of Consumption,

Is Dr. E. W. Vandersmith's INDIAN COUGH BALM and LUNG BALM.

READ-CA
Disease of the Lungs and Throat cured.

White Plains, April 20, 1847.
This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of bloody matter and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunar caustic applied to my throat twice a week, but received no benefit. I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. Vandersmith's Medicine. He insisted upon my trying Dr. V., and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow fluid matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

Sworn before me this 21st day of April, 1847.

Confirmation of the Lungs.

New York, June 10, 1847.
Dr. Vandersmith:—I have been subject to a cough since the chest, difficulty of breathing, &c., for many years past. About four months ago I was seized with a severe cold, which settled on my lungs. I was unable to attend to my business day, and I would have dreaded coughing up blood. I thought it was impossible for me to survive unless I could get relief. The excessive night sweats had reduced my whole body to a skeleton. I expectorated white & yellow mucus, in fact should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vandersmith's Indian Cough Balm and Lung Balm. I consented; when I used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and my cough has been that I am restored to health, a state that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vandersmith's invaluable medicine, I should have been moulting in the silent grave. Tell me I believe that I am doing nothing but what is due to me in stating the above facts, so that you may show it to all the afflicted who may call upon you for a minister to them. I shall be glad to pay any price to converse with the afflicted who have been cured. Your grateful patient and friend

Hyer's Pills.

The American Improved Hygienic Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE.

This medicine makes no pretensions to miracle, but it cures, the raising of the bowels, or to induce the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple and to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, exactly upon its own merits, by recommendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is editor. The increasing demand, however, has necessarily compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand mere assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

Bogie's Hyporion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adapted its use in their families, and wish others to participate in its advantages.

The Hyporion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the hardest hair into the softest, soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxurious state until the latest period of life.

Ladies will find the Hyporion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair.

Manufactured and for sale by WM. BOGIE, 228 Washington, corner of Summer street, Boston. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff, and preserving the natural beauty and softness of the hair, by WM. BOGIE, accompanies each bottle. Aug. 24—ly.

DR. BANNING'S PATENT LACE

An immediate Relief in Incurable Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Protrusion, and Diseases of Women, without Medicines.

THIS instrument has been examined by Dr. Mott, Rodgers, Francis, and Grierson of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,
Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1835, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done anything since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit. Yours, &c. WM. ROCKEY.

Dr. G. M. Boardman,
Middletown, June 25, 1843.

Dr. Boardman,
Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, protrusion of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument.

STEPHEN BROOKS, JR.
Providence, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different support or from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher.

Doctor Boardman, proprietor of Bannings celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat, successfully, cases of Rheumatism, Neuralgia, Headaches, Debility, loss of Voice, Bronchitis, Weakness and curvatures of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town. Aug. 28

MR. ABRAHAM VANDERBECK, of 98 Avenue D, New York, certifies that his head was entirely bald on the top, and by the use of two 3s. bottles of Jones' Coral Hair Restorative, he has a good crop of hair, and will soon have it long and thick.

Mr. William Jackson, of 80 Liberty street, Pittsburgh, Pa., certifies: On the 3d of February, 1847, that Mr. Thomas Jackson's head, on the top, was entirely bald for 15 years, and that by using two 3s. bottles of Jones' Coral Hair Restorative, the hair is growing fast and thick, and will soon be entirely restored.

Gray Heads! Gray Heads! Read—I herby certify that my hair was turning gray, and that since I have used Jones' Coral Hair Restorative, it has entirely ceased falling—is growing fast, and has a fine dark look. Before I used Jones' Coral Hair Restorative, I combed out handfuls of hair daily.

WM. TOMPKINS, 92 King-st., N. Y.
Mr. Power, a grocer of Fulton-st., had his hair choked up with dandruff, and Jones' Hair Restorative entirely cured it.

Do you want to dress, beautify, and make your hair soft and fine? Read—I, Henry E. Cullen, late barber on board the steamboat South America, do certify that Jones' Coral Hair Restorative is the best article I ever used for dressing, softening, cleansing and keeping the hair a long time in order; all my customers preferred it to anything else.

Sold only in New York at 82 Chatham street; and in Newport by R. J. TAYLOR.

TO THE LADIES IN PARTICULAR.

MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.

This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be contested. For sale, wholesale and retail, at

MOTHER'S RELIEF.

IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose;—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your special and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all ferber and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for HANCOCK'S Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

Miracle.

ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphant,) and his voice with gratulatory tone, delivered the following report:

"We are astounded at this singular preparation. Where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease! The Negro, the Creole, the Yellow Race of the East, and the Red Man of the far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)

There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blisters, Salt Rheum, Scurvy, Erysipelas, Sore Heads, Old Sores, Beard and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct., 1841.]
One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave, Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.
